

LIGHTNING BUG

LEADERS:

The Lightning Bug: Language Stimulation classes are a collaborative program led by preschool teachers with education in communication disorders and special education.

PROGRAM PRICING

Tuition is \$150 per week. Families may apply for scholarship funding if they are receiving speech therapy or audiology services.

Mission Statement:

The Hearing & Speech Center teaches children with hearing, speech, and language impairments to listen and talk by providing them with high quality educational, therapeutic, and family support services.
