The Hearing &
Speech Center

The Sound Beginning Garden

a pathway to
sound beginnings

The Hearing & Speech Center is proud to announce a project which supports the HSC mission while honoring graduates, families, clients, friends, donors, and neighbors...

The Sound Beginning Garden!

The Sound Beginning Garden will symbolize the journey of every child and adult that has become part of the HSC family. The journey that creates a solid foundation for learning, communication, and quality of life.

The Sound Beginning Garden surrounds a unique pathway that reflects our slogan, "a sound beginning", in a sound wave pattern created by bricks! It's such a uniquely artistic way to reflect our impact and purpose.

THE SOUND BEGINNING GARDEN FACES MENEFEE DR NEXT TO THE ELC ENTRANCE †

You are invited to leave your legacy or honor a loved one by becoming a foundational donor in this special project.

The Sound Beginning Garden supports children, families, and adults from across Kentucky.

We look forward to seeing your name next to ours as we celebrate the ribbon cutting and The HSC 60th year anniversary in 2021!

You can leave a lasting impression through these legacy options!
